[linkedin.com/in/buddhagrg](https://www.linkedin.com/in/buddhagrg) | github.com/buddhagrg | gurungbuddha.com.np

Frontend developer with 3+ years of experience in the React ecosystem. Passionate about building scalable, user-focused interfaces using modern JavaScript, clean architecture, and robust testing. Committed to code quality and collaborative team environments.

Skills

Frontend Development: React, Redux Toolkit, JavaScript (ES6+), TypeScript, HTML5, CSS3

Backend & APIs: Node.js, RESTful APIs, PostgreSQL, JWT Authentication

Tools & Methodologies: Git, Webpack, Agile/Scrum, Responsive Design

Testing: Jest, RTL (React Testing Library), Cypress

Experience

[Paymentology](#) | Remote

July 2019 – Dec 2023

React Developer

- Built and enhanced the Credit UI for Paymentology's core card processing platform.
- Created a transaction simulation screen that dramatically simplified manual testing for various card types.
- Seamlessly connected front-end to backend by integrating REST APIs and JSON.
- Ensured high code quality through peer reviews and robust testing (Jest, RTL, Cypress).

[IT Deurali](#) | Pokhara

Feb 2019 – June 2019

Frontend Developer Intern

- Implemented UI features using HTML, CSS, JavaScript, and React.
- Developed understanding of responsive design and modern front-end workflows.

Projects

School Admin | [GitHub](#) | [Live Demo](#)

- Implemented secure authentication with JWT, CSRF protection, and role-based access control.
- Used RTK Query for efficient API state management.
- Continuously improving features and adding new modules as part of ongoing development.

Education

[Pashchimanchal Campus](#)

Sep 2014 – Sep 2018

Bachelor in Computer Engineering

[Sagarmatha Higher Secondary School](#)

June 2012 – June 2014

Higher Secondary Education
